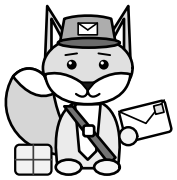
Name : _____ Date : _____

PAPILUMO / Grade 2 • Answer key

Number Words: 61 to 100

Read the number on each of Milo's postal stamps, then write the number name in words on the lines.



Milo the postal fox is sorting express parcels: help him label all ten packages in words up to 100!

Worked example:

64 → **sixty-four**

Use a hyphen between tens and ones: sixty-four.

Word Bank — Tens from 60 to 100:

60	70	80	90	100
sixty	seventy	eighty	ninety	one hundred

Rule: write a hyphen in two-word names (63 = sixty-three, 91 = ninety-one). Whole tens (80 = eighty) and 100 (one hundred) have no hyphen.

Write each parcel number in words on the lines:

1. 63 — **sixty-three**
2. 75 — **seventy-five**
3. 80 — **eighty**
4. 68 — **sixty-eight**
5. 91 — **ninety-one**
6. 72 — **seventy-two**
7. 84 — **eighty-four**
8. 79 — **seventy-nine**
9. 96 — **ninety-six**
10. 100 — **one hundred**

Postal tip: say the full number aloud first, check the tens word (sixty, seventy, eighty, ninety), and add a hyphen before the ones word.
