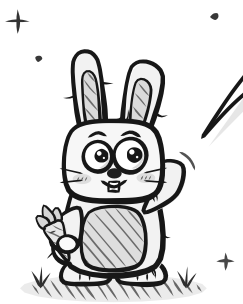
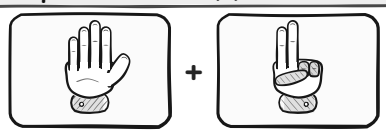
Count on Fingers 1 to 10

Count the raised fingers on each pair of hands and write the total in the box.



Coco the bunny holds up two paws to count carrots up to 10. One full hand is 5—now add the second hand!

Example: 1 full hand (5) + 2 raised fingers = 7



5 + 2 = 7

1–10 **1. Count the raised fingers and write each number in the box**
