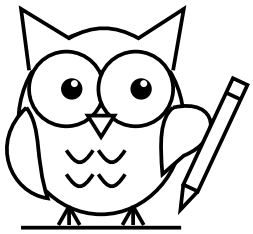
Addition Tables: Row + Column

Add the row number and the column number. Write the sum.

Help Nora the owl finish her number tables!



Read both headers before you add

7 + 5 = 12

Row 7 + column 5: write 12 where they meet.

1. Complete the first table.

+	0	2	4
1	1	3	5
3	3	5	7
5	5	7	9

2. Keep going: sums are within 20.

+	2	5	10
4	6	9	14
7	9	12	17
10	12	15	20

Circled entries are examples. Keep the numbers along the edges unchanged.
