Number Chart 1 to 120

Fill in all 18 missing numbers on the 1–120 chart, then solve the four milestone clues past 100.

Timo the rabbit takes a joyful leap over milestone 100 straight to 101! Help him fill every missing number up to 120.

Example: crossing 100 to 101 (99 -> 100 -> 101 -> 102)

99 → 100 --(+1)--> 101 → 102

1. Fill in the 18 missing numbers on the 1–120 chart

1	2	3	4	5	6	7	8	9	10
11	12	13		15	16	17	18	19	20
21	22	23	24	25	26	27		29	30
31	32	33	34	35		37	38	39	40
41	42	43	44		46	47	48	49	50
51	52	53	54	55	56	57	58	59	
61	62		64	65	66	67	68	69	70
71	72	73		75	76	77	78	79	80
81	82	83	84	85	86	87	88		90
91	92	93	94	95	96	97		99	
	102	103		105	106		108	109	
111		113	114		116	117		119	

Move right: +1 • Move down: +10 • Right after 100 comes 101

2. Solve the four milestone clues beyond 100

1. **After 100** _____
2. **10 more than 105** _____
3. **1 less than 120** _____
4. **Between 110 and 112** _____

Tip: from 101 to 120, keep 1 hundred in front of 1 to 20 (101, 102... up to 120). Watch that middle zero in 101–109!
