Number Chart 1 to 30

Fill in the 10 missing numbers in the 1–30 chart, then solve the four stepping-stone clues.

Gaspard the puppy hops happily over stones 19, 20, 21, and 22! Help him fill in every missing number up to 30.

Example: right after 20 comes 21 (19 -> 20 -> 21)

19 → 20 (+1) → 21

1. Fill in the 10 missing numbers on the 1–30 chart

1	2	3		5	6	7	8		10
11	12		14	15	16		18	19	
	22	23		25		27		29	

Row 1: 1 to 10 • Row 2: 11 to 20 • Row 3: 21 to 30 (+10 below)

2. Solve the four stepping-stone clues from 20 to 30

1. **Just after 20** ☐
2. **Before 25** ☐
3. **Between 27 and 29** ☐
4. **Last number** ☐

Tip: from 21 to 29, every number keeps a 2 in the tens place (21 sits under 11, 24 under 14, up to 30 at the end).
