PAPILUMO / Grade 2

Descending Order to 100 with Polo

Write each set of five numbers in descending order from greatest to least down the steps.

Polo the penguin is sliding down the ice steps! Always start with the greatest number and work down to the least.

Worked example: greatest to least — **Numbers: 84, 62, 37, 69**

84 > 69 > 62 > 37

Five number staircases to order from greatest to least (25 boxes)

1 **To order**: 47, 81, 42, 65, 29

Greatest to least: ☐ > ☐ > ☐ > ☐ > ☐

2 **To order**: 34, 78, 19, 73, 56

Greatest to least: ☐ > ☐ > ☐ > ☐ > ☐

3 **To order**: 9, 53, 86, 58, 24

Greatest to least: ☐ > ☐ > ☐ > ☐ > ☐

4 **To order**: 61, 94, 38, 91, 15

Greatest to least: ☐ > ☐ > ☐ > ☐ > ☐

5 **To order**: 76, 100, 88, 7, 82

Greatest to least: ☐ > ☐ > ☐ > ☐ > ☐

Tip: compare tens first, then check ones when two numbers share a tens digit (like 78 and 73). Cross out each number once used.
