Sort Letters vs Numbers

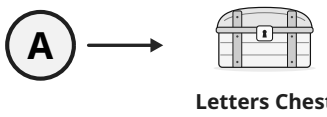

1. Circle every letter and draw a box around every number. 2. Copy the 4 letters into the chest and the 4 numbers into the jar.

Golden rule: letters build words, numbers help us count!

Lilo the sorter parrot mixed up the studio tiles! Help him sort every letter and number into its right home.

Example: circled A goes to the Letters Chest, boxed 4 goes to the Numbers Jar

1. Spot and sort: circle the 6 letters, draw a box around the 6 numbers

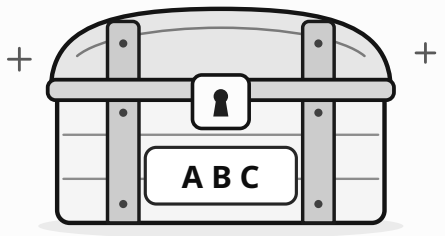

A Letter | 3 Number

A	3	M	7	E	2
S	5	R	8	B	9

2. Copy these 8 tiles into the right container (4 letters and 4 numbers)

C	6	T	1	P	4	L	9

Letters Chest

C	T	P	L

Numbers Jar

6	1	4	9

Lilo’s tip: make a tiny checkmark above each tile in Part 2 right after you copy it into the chest or the jar.
