Trace Flowers, Petals & Leaves

Warm up on the oval petals and pointed leaves, then trace all 4 dotted garden flowers from the black dots and color them.

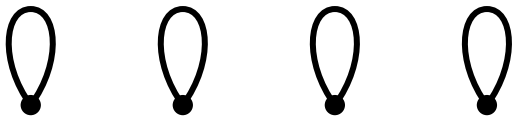

Buzz through the garden with Flora! Trace every petal loop, tulip cup, and veined leaf from the black start dot, then color!

Example: mini daisy petals

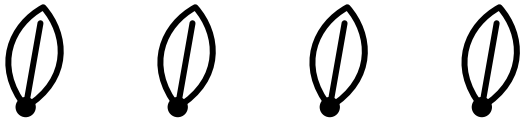

1. Warm-up strip: trace 4 oval loop petals and 4 pointed leaf arcs with veins

4 oval loop petals

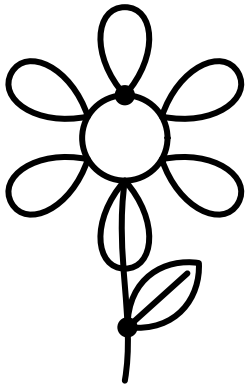

4 pointed leaf arcs

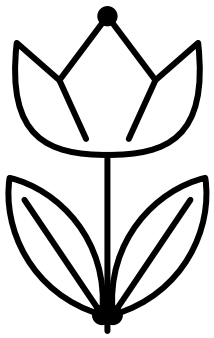

2. Trace the dotted flowers from each bold black dot, then color all 4 garden blooms

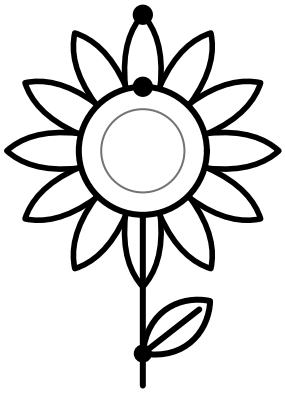

1. 6-petal daisy

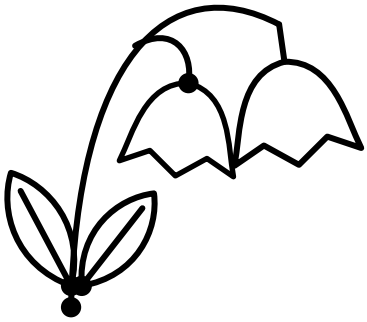

2. Cup-shaped tulip

3. Multi-petal sunflower

4. Double bellflower

Flora's tip: loop smoothly around the flower center on every petal and meet the two curved arcs neatly at each pointed leaf tip.
