PAPILUMO / Kindergarten (ages 5–6)

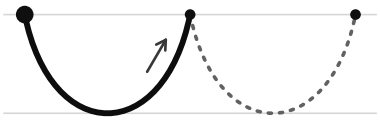

Pre-Cursive Garlands & Cup Strokes

Start at each dot, glide down into a smooth U-shaped curve, and swing back up to a crisp top point across all four rows and the party-tent garlands.

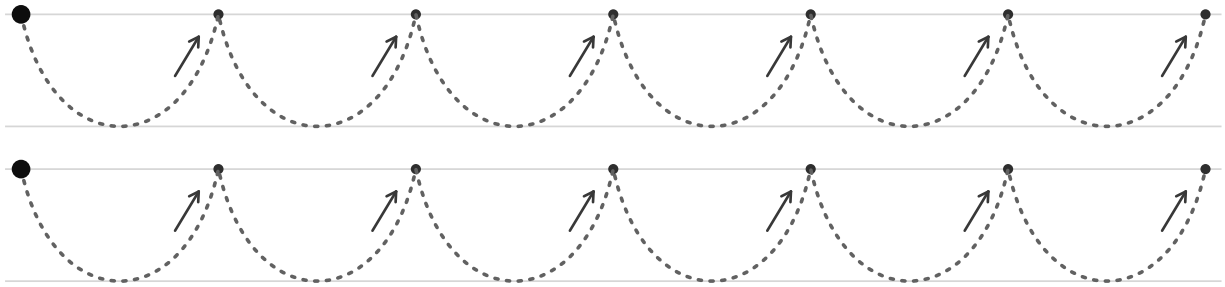

Eli the Robin is decorating the garden party! Trace smooth U-shaped hanging garlands with rounded bottoms and crisp pointed peaks.

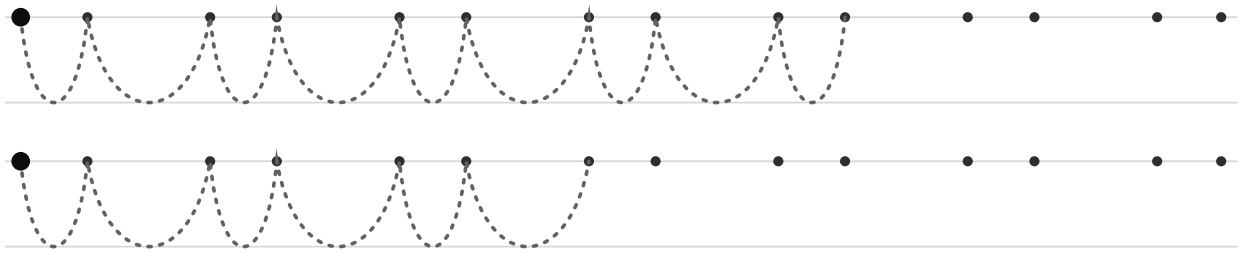

Worked example: U-cup stroke

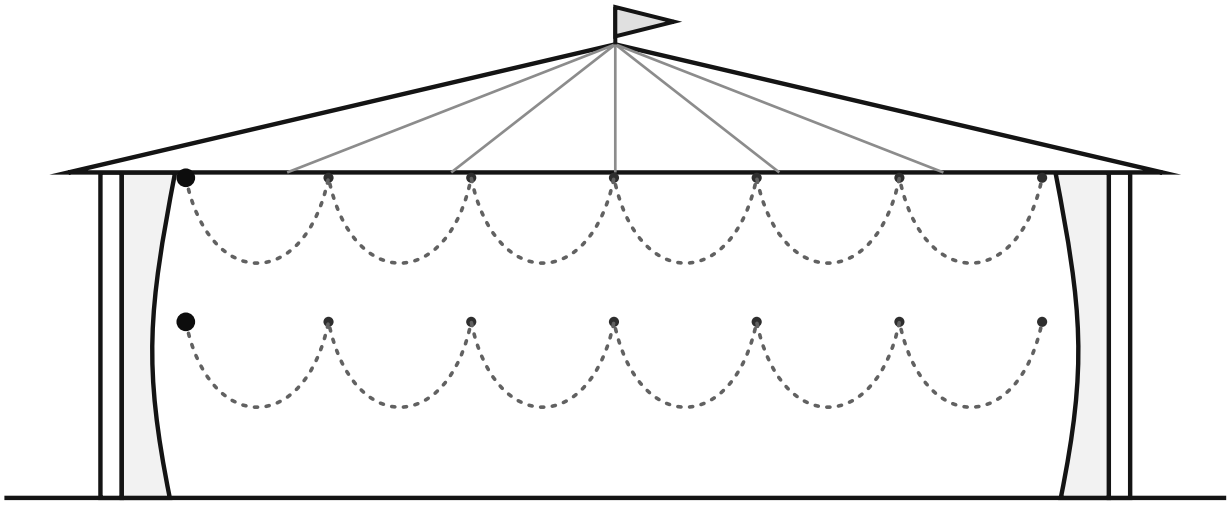

1. Trace the wide hanging U-garlands, following the upward arrows to each crisp peak

2. Trace continuous narrow and wide pre-cursive cup chains between the guidelines

3. Decorate the garden party tent by tracing both continuous scalloped garlands

Eli's tip: curve softly around the bottom of every cup, then flick cleanly upward to a sharp peak without lifting your pencil!
