Big, Bigger, Biggest with Nilo

Draw straight lines to match each object to its sized shelf box, then use the visual size legend to circle the right item.

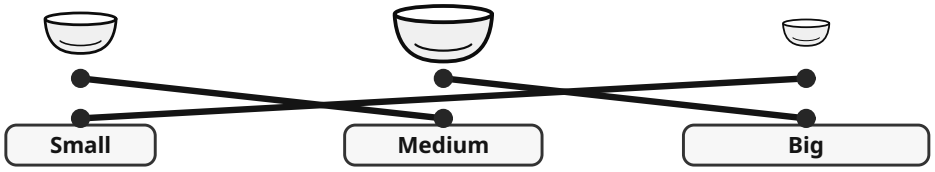

Nilo the Little Bear is tidying his cabin! Help him match every item to its small, medium, or big shelf.

Example: match the 3 acorns

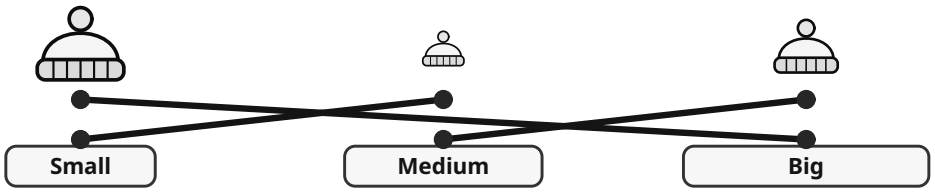

1. Draw a straight line from each object to the matching Small, Medium, or Big shelf box.

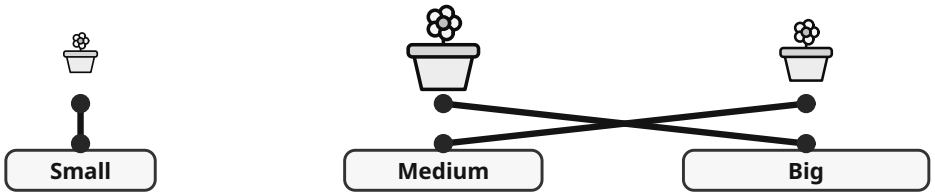

1 **Wooden bowls**

2 **Knit hats**

3 **Flower pots**

2. Look at the dark ringed circle on the left and circle the matching size.

A **Medium**

B **Biggest**

C **Smallest**

Nilo’s tip: spot the smallest and biggest pictures first so the middle-sized one jumps right out!
