PAPILUMO / Kindergarten (ages 5–6)

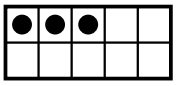

Ways to Show Numbers 1 to 10

Count the fingers and dice to write each numeral in Part A, then draw the matching dots inside each empty ten-frame in Part B.

Zazou the little fox knows many ways to show a number! Count the fingers and dice, then fill every ten-frame neatly.

Example: 3 (fingers, die, frame)

3   

Part A: Count the fingers and dice pips, then write the matching numeral

Fingers

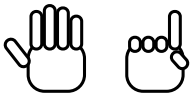

Dice
