Name : _____ Date : _____

PAPILUMO / Pre-K (ages 4–5)

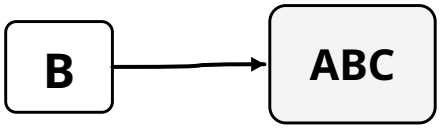

Sort Uppercase and Lowercase Letters

Draw a line from each letter card to the tall ABC box or small abc box, then circle the single lowercase letter in each bottom row.

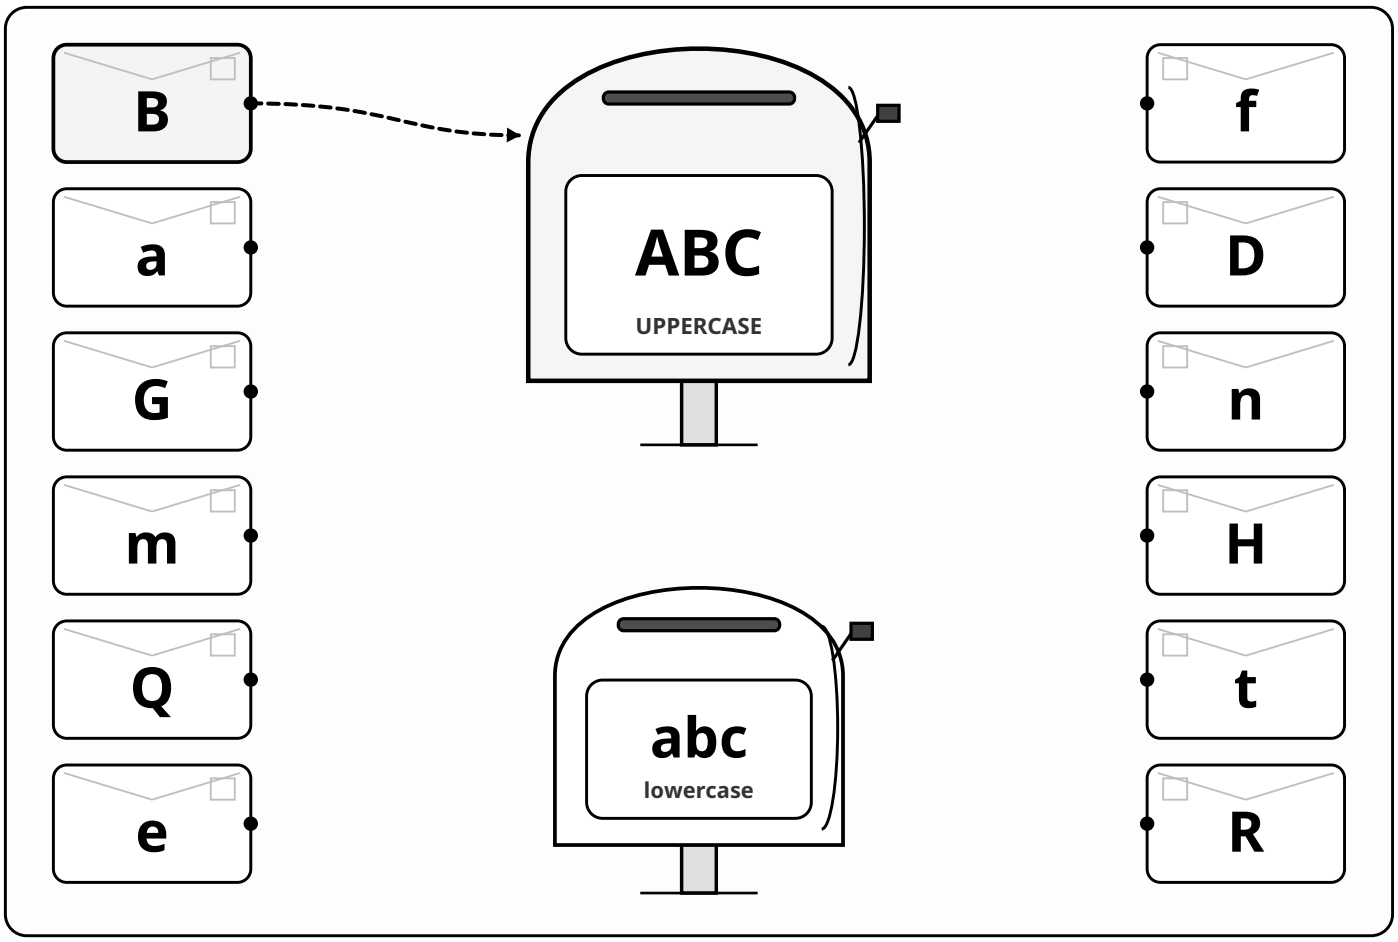

Milo the Fox is sorting woodland mail! Send big uppercase letters to the tall ABC mailbox and little lowercase letters to the small abc box.

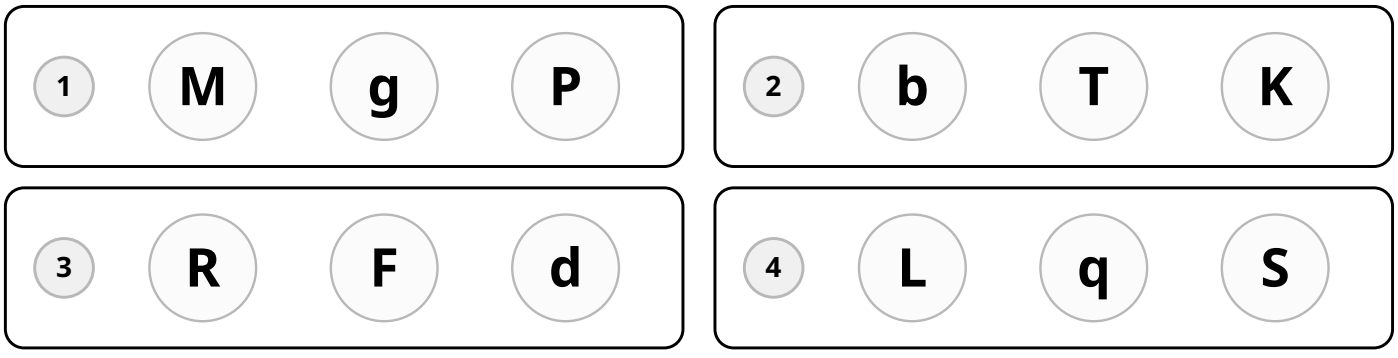

Example: B goes to ABC

Part 1: connect all 12 letter envelopes to the matching mailbox (B is done for you)

Part 2: circle the 1 little lowercase letter hidden inside each 3-letter row

Milo's tip: check the height first—big capitals match the tall ABC box, and little letters match the small abc box!
