Alphabet Number Code (A=1 to Z=26)

Fill in the 6 missing letters in the 1–26 strip, decode the 5 picture words, then encode Word #6.

Pico the Detective Fox opened his cipher notebook! Restore the six missing letters in the A=1 to Z=26 strip first, then crack every mystery word.

Example: 19-21-14 = S U N

19-21-14

S **U** **N**
