

Name : \_\_\_\_\_

Date : \_\_\_\_\_

PAPILUMO / Pre-K (ages 4–5) · Kindergarten (ages 5–6)

# Numbers 1–10 Chart with Counting Pictures

Look at the numbers and count the stars. Read the words with an adult.

|                                                                                                   |                                                                                                     |
|---------------------------------------------------------------------------------------------------|-----------------------------------------------------------------------------------------------------|
| 1<br>one<br>     | 2<br>two<br>     |
| 3<br>three<br>   | 4<br>four<br>    |
| 5<br>five<br>   | 6<br>six<br>    |
| 7<br>seven<br> | 8<br>eight<br> |
| 9<br>nine<br>  | 10<br>ten<br>  |

Your turn: count the stars and circle the matching number.

|                                                                                                            |                                                                                                            |                                                                                                               |
