PAPILUMO / Kindergarten (ages 5–6) • Answer key

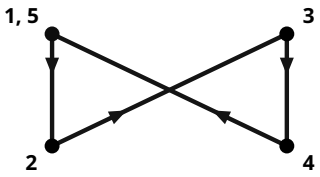

One-Stroke Continuous Figures

Begin at the circled START dot, follow the hint arrow, and trace each whole figure in one continuous stroke without retracing any line.

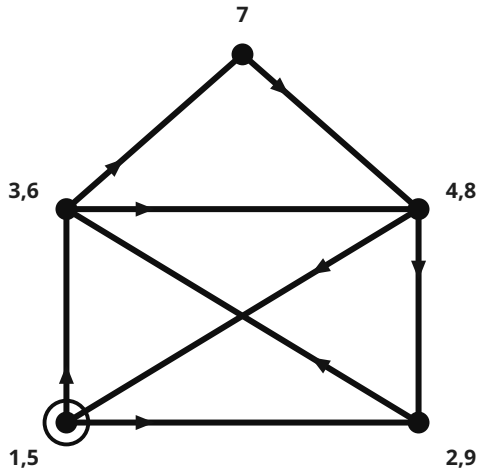

Cosmo the Fox is mapping bright constellations! Connect every figure in one continuous pencil stroke without lifting or retracing a line.

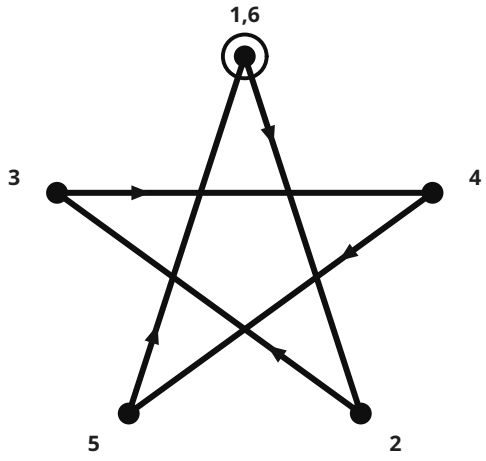

Example: bowtie (1-2-3-4-5)

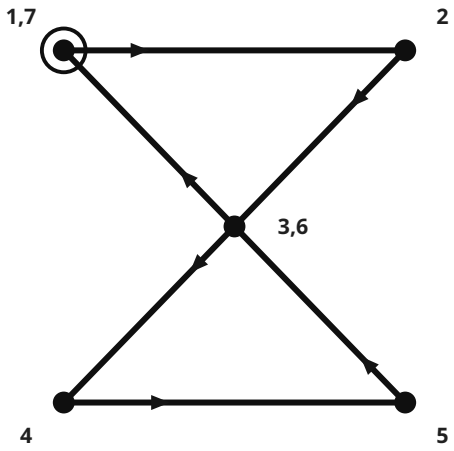

1. Open Envelope House

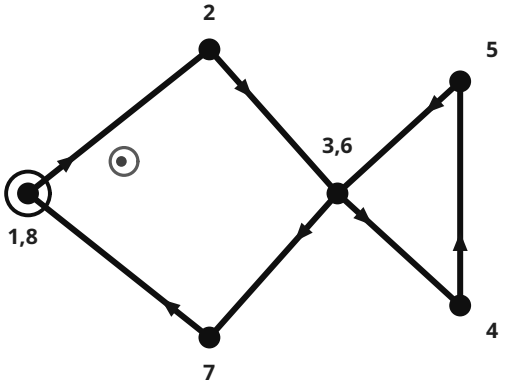

2. Five-Pointed Continuous Star

3. Hourglass Double-Triangle Bowtie

4. Origami Fish with Crossed Tail

Cosmo's tip: always plan the entire route with your pointer finger first so no segment gets left behind!
