Name : _____ Date : _____

PAPILUMO / Pre-K (ages 4–5) • Answer key

Build Collections from 4 to 10: Draw the Exact Number

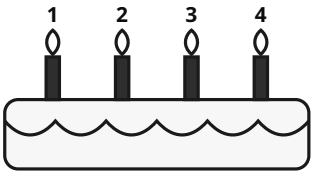

Read the big target number on each card and draw that exact quantity onto the open picture template.

Biscotte the Squirrel has six creative puzzles! Count out loud as you draw each exact collection from 5 to 10.

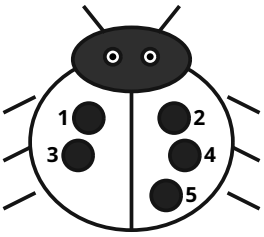

Example: 4 candles (1, 2, 3, 4)

4

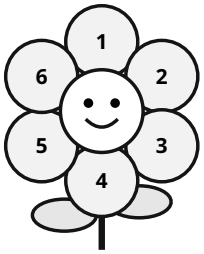

Draw the exact target number of items on each of the six playful templates (5 to 10)

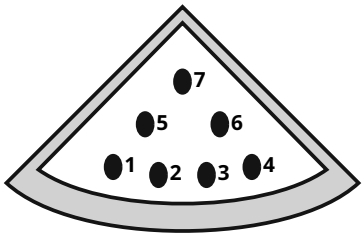

5 **spots on the ladybug**

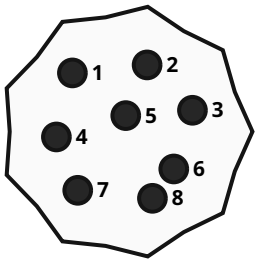

6 **petals around the flower**

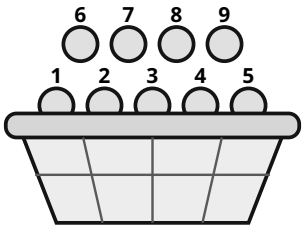

7 **seeds on the watermelon**

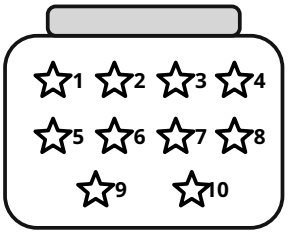

8 **chips on the cookie**

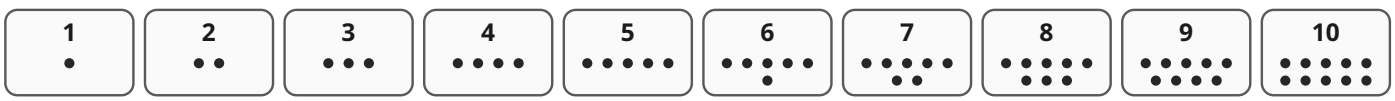

9 **berries in the basket**

10 **stars in the night jar**

Biscotte's tip: count slowly 1, 2, 3… as you draw each piece and stop right on the target number—check the 1–10 dot bar below!
