Verbal Analogies & Word Links

Use the word bank to complete the 6 analogies (2 extra words), then circle each rule in Part 2 and write one pair.

Welcome! I am Zelie the Logic Ferret. On my balance scale, both sides of a word analogy must share the exact same logical relationship!

Worked example

Fish : Swim = Bird : FLY

Part 1: Complete each analogy using a word from the bank

Word Bank (6 answers + 2 distractors):

hospital	quiet	river	cut
moon	shoe	branch	cat

1. Hot is to Cold as Loud is to **quiet**
2. Finger is to Hand as Leaf is to **branch**
3. Baker is to Bakery as Doctor is to **hospital**
4. Pencil is to Write as Scissors are to **cut**
5. Puppy is to Dog as Kitten is to **cat**
6. Day is to Sun as Night is to **moon**

Part 2: Circle the relationship rule that matches each solved analogy

1. Up is to Down as Fast is to Slow	**Opposite**	Part-to-Whole	Tool-to-Action
2. Brush is to Paint as Broom is to Sweep	Opposite	Part-to-Whole	**Tool-to-Action**
3. Wheel is to Bicycle as Page is to Book	Opposite	**Part-to-Whole**	Tool-to-Action

Guided prompt: write your own Opposite analogy pair:

Big is to Small as Happy is to Sad

Zelie's tip: say the connection sentence for the first pair aloud (e.g., 'a finger is part of a hand') before choosing!
