

Nora's Addition with Regrouping

Add. Write the carried ten in the small box, then write the sum.

Example: 24 + 18

Nora packs pencils into boxes. Help her make groups of ten!

	T	O
	1	
	2	4
+	1	8
	4	2

$$4 + 8 = 12 \text{ ones}$$

Keep 2 ones and carry 1 ten.

$$2 + 1 + 1 = 4 \text{ tens}$$

10 ones = 1 ten
