Nome : _____ Data : _____

PAPILUMO / Infanzia (5–6 anni) · Classe prima (6–7 anni)

Aggiungere zero: il numero non cambia

Scrivi 0 per il vassoio vuoto. Poi completa il totale.

Lumi il koala sistema le foglie. Un vassoio è vuoto. Quante foglie ci sono in tutto?

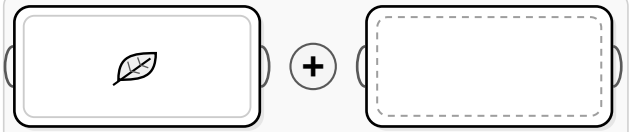

Esempio: un vassoio vuoto contiene 0 foglie

4 + 0 = 4 ⟷ **0 + 4 = 4**

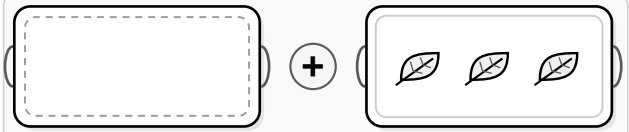

Aggiungere 0 non cambia il numero di foglie, in entrambi gli ordini.

1.

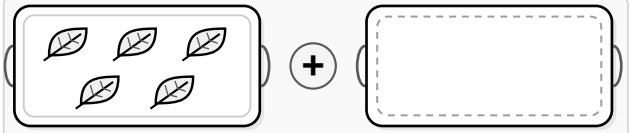

1 + ☐ = ☐

2.

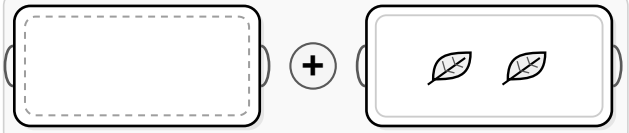

☐ + 3 = ☐

3.

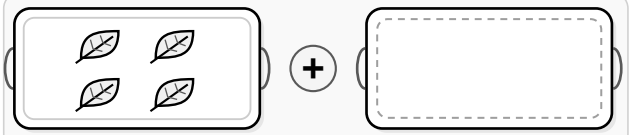

5 + ☐ = ☐

4.

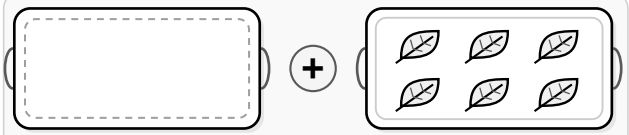

☐ + 2 = ☐

5.

4 + ☐ = ☐

6.

☐ + 6 = ☐

ⓘ Un vassoio vuoto contiene 0 foglie. Non si aggiunge nessuna foglia.
