Nome : _____ Data : _____

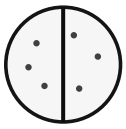

PAPILUMO / 1ª Primaria (6–7 anni)

Parti uguali o parti disuguali

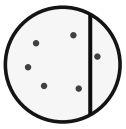

Metti una spunta su parti uguali o disuguali per ogni figura, poi traccia linee dritte per dividere le quattro forme.

Mimi l'orsetta divide i suoi biscotti: tutte le fette hanno esattamente la stessa grandezza?

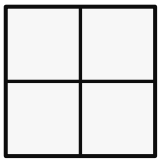

- [x] **Parti uguali**
- [ ] Parti disuguali

- [ ] Parti uguali
- [x] **Parti disuguali**

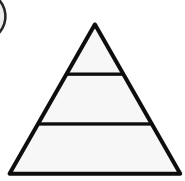

1. Osserva con attenzione ogni figura divisa e spunta la casella giusta

1

- [ ] Parti disuguali

3

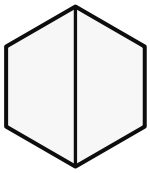

- [ ] Parti uguali
- [ ] Parti disuguali

4

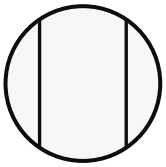

- [ ] Parti uguali
- [ ] Parti disuguali

5

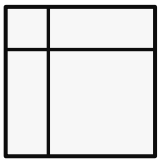

- [ ] Parti uguali
- [ ] Parti disuguali

6

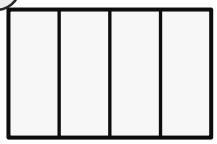

- [ ] Parti uguali
- [ ] Parti disuguali

7

- [ ] Parti uguali
- [ ] Parti disuguali

8

- [ ] Parti uguali
- [ ] Parti disuguali

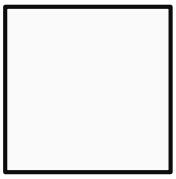

2. Usa il righello per tracciare linee dritte e dividere ogni figura in parti uguali

1 **2 parti uguali**

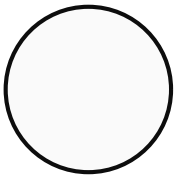

Rettangolo

2 **4 parti uguali**

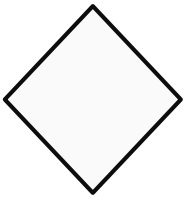

Quadrato

3 **2 parti uguali**

Cerchio

4 **4 parti uguali**

Rombo

Consiglio: le parti sono uguali solo quando ogni pezzo ha esattamente la stessa area, non basta contare quanti tagli ci sono.
