PAPILUMO / Classe prima (6–7 anni) • Soluzioni

Sottrazione con i dadi: maggiore − minore

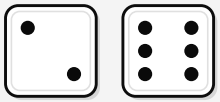

Conta i punti dei due dadi, scrivi per primo il numero maggiore e trova la differenza.

Prima il numero maggiore!

Nila la panda ha lanciato due dadi su ogni scheda: aiutala a mettere prima il numero maggiore per sottrarre bene!

Esempio svolto: (2 e 6) dà 6 − 2 = 4

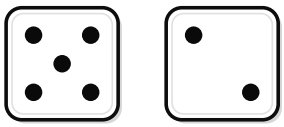

6 > 2

6 − 2 = 4

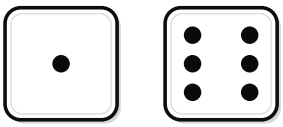

1. Confronta i due dadi di ogni riquadro, scrivi maggiore − minore e calcola

A

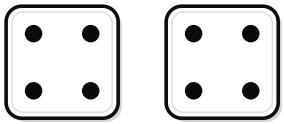

5 − 2 = 3

B

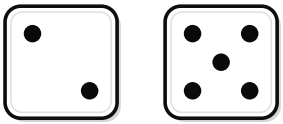

6 − 1 = 5

C

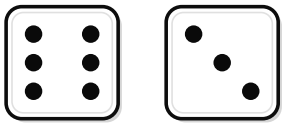

4 − 4 = 0

D

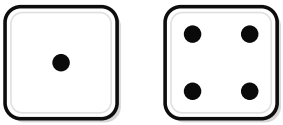

5 − 2 = 3

E

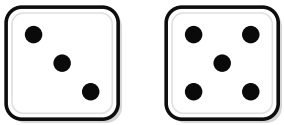

6 − 3 = 3

F

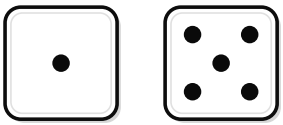

4 − 1 = 3

G

5 − 3 = 2

H

5 − 1 = 4

Consiglio di Nila: individua subito il dado con più punti, scrivilo nella prima casella e togli il dado più piccolo.
