Tutto sul triangolo

Ricalca i triangoli tratteggiati, conta i lati dritti e gli angoli a punta, poi cerchia gli oggetti triangolari.

Un triangolo ha 3 lati dritti e 3 angoli a punta!

Esempio: il triangolo

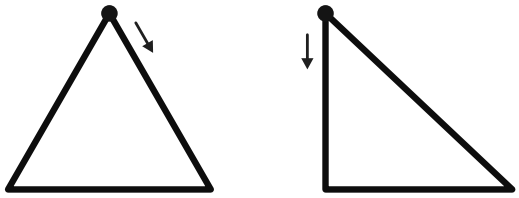

3 lati dritti

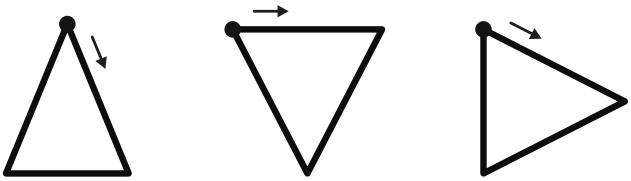

3 angoli a punta

1. Ricalca i triangoli grandi e medi lungo i puntini

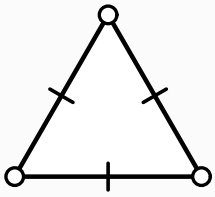

Triangoli grandi

Triangoli medi

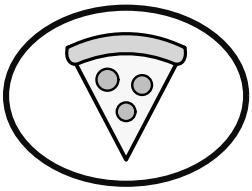

2. Osserva il triangolo e scrivi quanti lati dritti e quanti angoli a punta ha

Lati dritti **3**

Angoli a punta **3**

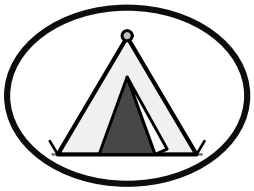

3. Cerchia i quattro oggetti che hanno la forma di un triangolo

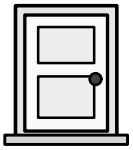

Fetta di pizza

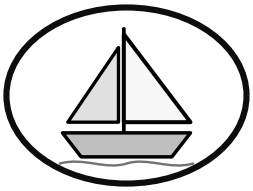

Palla tonda

Tenda

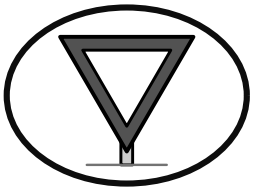

Porta

Vela della barca

Orologio tondo

Segnale triangolare

Consiglio di Balthazar: scorri il dito lungo ogni lato dritto fino a toccare ciascuna delle tre punte!
