Tutto sul rettangolo

Ricalca i rettangoli tratteggiati, conta i lati e gli angoli, poi cerchia gli oggetti rettangolari.

Un rettangolo ha 4 lati (2 lunghi, 2 corti) e 4 angoli retti!

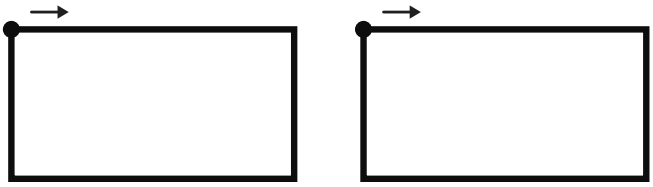

Esempio: il rettangolo

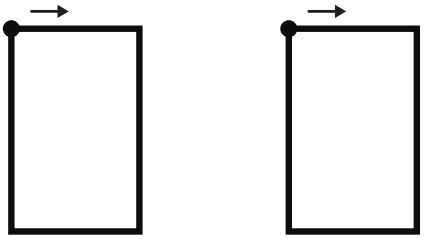

- **2 lati lunghi opposti**
- **2 lati corti opposti**
- **4 angoli retti**

1. Ricalca i rettangoli orizzontali e verticali lungo i puntini

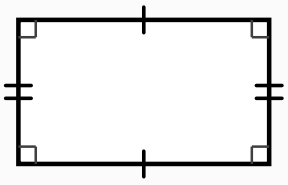

Rettangoli orizzontali

Rettangoli verticali

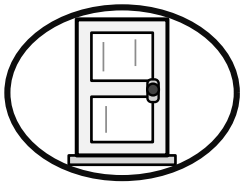

2. Osserva il rettangolo e scrivi quanti lati e quanti angoli ha

Lati **4**

Angoli **4**

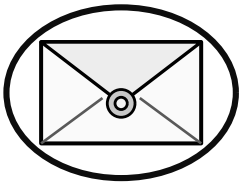

3. Cerchia i quattro oggetti che hanno la forma di un rettangolo

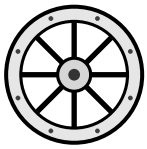

Porta di legno

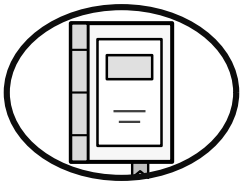

Fetta di pizza

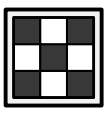

Busta chiusa

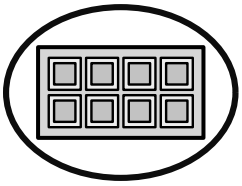

Ruota di legno

Libro illustrato

Piastrella quadrata

Tavoletta di cioccolato

Consiglio di Basile: confronta con il dito i due lati lunghi opposti e i due lati corti opposti.
