# Cornici del dieci (1 a 10)

Parte A: conta i gettoni in ogni cornice del dieci e scrivi il numero. Parte B: leggi il numero e disegna altrettanti pallini.

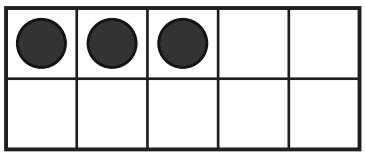

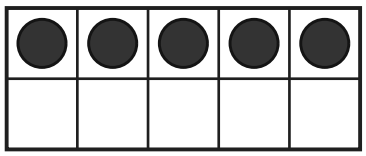

Il riccio Lumi sistema le sue scatole del dieci! Riempi prima la fila in alto di 5 da sinistra a destra, poi continua sotto.

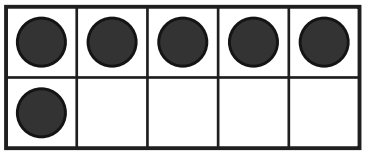

**Esempio: 5 sopra + 2 = 7**

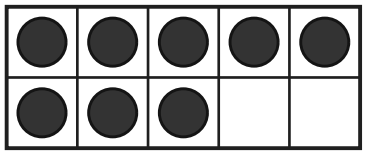

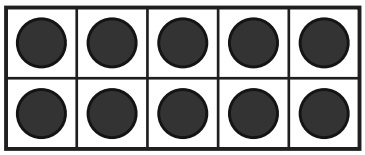

## Parte A: Conta i gettoni in ogni cornice del dieci e scrivi il numero

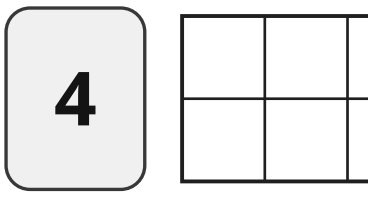

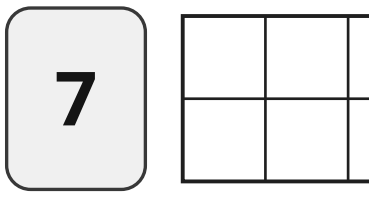

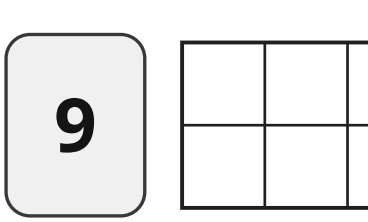

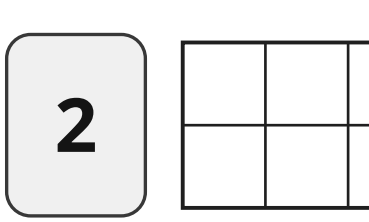

**Trucco del 5 di Lumi**
La fila in alto ha sempre 5 caselle. Se è piena, sei già a 5 e continui a contare sotto!

## Parte B: Leggi ogni numero e disegna i pallini partendo in alto da sinistra a destra

Consiglio di Lumi: riempi sempre prima la fila in alto da sinistra a destra fino a 5, poi passa alla fila sotto!
