

Scrivi l'operazione di ogni disegno

Conta e scrivi tre numeri. Il totale iniziale comprende anche i disegni già barrati.

Zélie prepara un picnic. Aiuta lo scoiattolo a segnare le provviste!

Esempio:

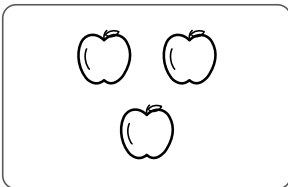

$$2 + 1 = 3$$

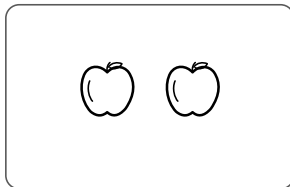

2 cerchi a sinistra, 1 a destra: $2 + 1 = 3$.

1.

a sinistra

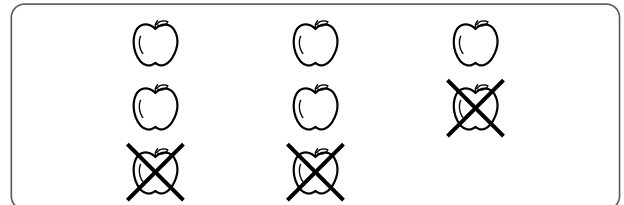

a destra

$$\square + \square = \square$$

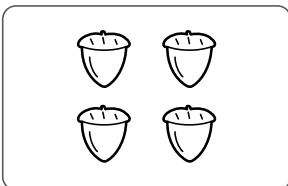

2.

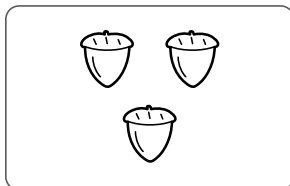

$$\square - \square = \square$$

3.

a sinistra

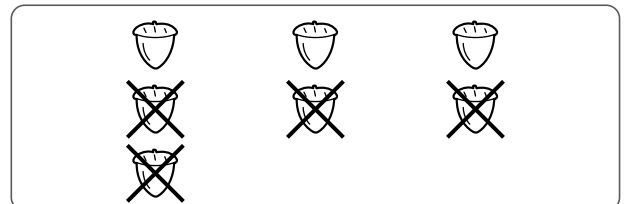

a destra

$$\square + \square = \square$$

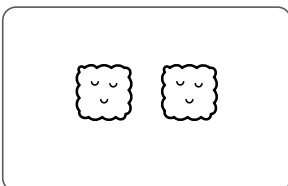

4.

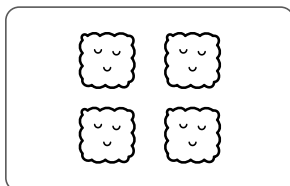

$$\square - \square = \square$$

5.

a sinistra

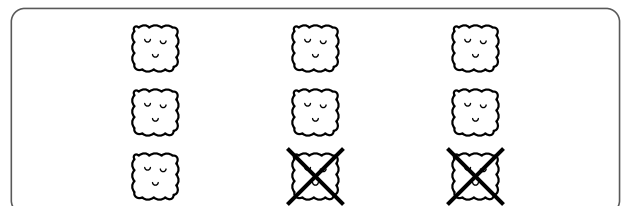

a destra

$$\square + \square = \square$$

6.

$$\square - \square = \square$$
