PAPILUMO | CM1

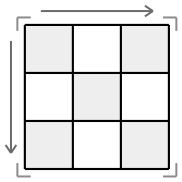

Les nombres carrés : mosaïques de Sami

Compte les lignes et les cases d'une ligne. Complète chaque multiplication.

Sami la salamandre prépare six mosaïques carrées. Aide-le à compter les petits carreaux !

Exemple : un carré de 3 sur 3

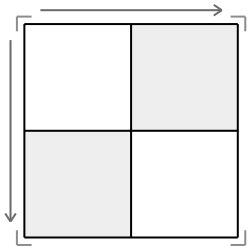

3 lignes de 3 cases

3 × 3 = 9

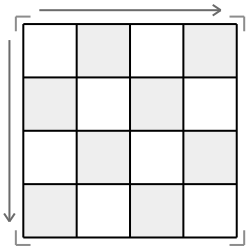

Un nombre carré : un nombre multiplié par lui-même.

1

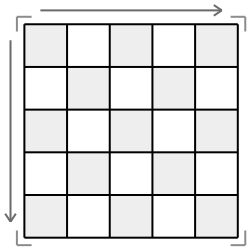

↓ × → = ▦

2

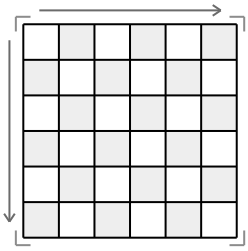

↓ × → = ▦

3

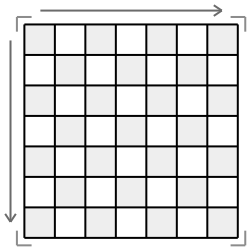

↓ × → = ▦

4

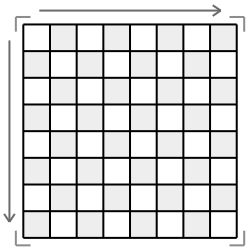

↓ × → = ▦

5

↓ × → = ▦

6

↓ × → = ▦

Même nombre de lignes et de colonnes. Compte les cases, pas les traits.
