Contar nos dedos de 1 a 10

Conta os dedos levantados em cada par de mãos e escreve o total na caixa.

O coelho Coco levanta as duas patas para contar cenouras até 10. Uma mão inteira vale 5: junta a outra mão!

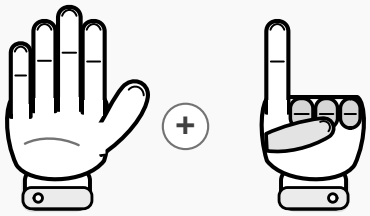

Exemplo: 1 mão inteira (5) + 2 dedos levantados = 7

5 + 2 = 7

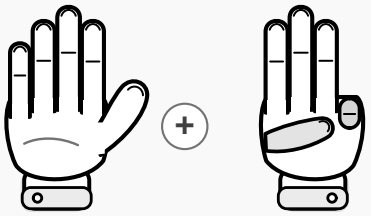

1. Conta os dedos levantados e escreve cada número na caixa
