# Observar, traçar e desenhar em 3 etapas

Observa primeiro o modelo completo à esquerda, passa por cima do pontilhado ao meio e desenha sozinho à direita usando os pontos guia.

Pega no teu lápis com o guaxinim desenhador Paco! Observa à esquerda, traça ao meio e desenha sozinho à direita.

**Exemplo em 3 etapas: maçã**

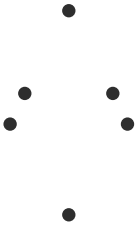

| 1. Observo → | 2. Traço → | 3. Desenho só |

**Gelado 2 bolas**

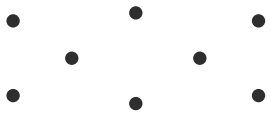

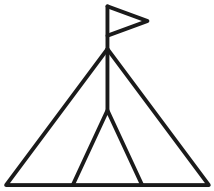

**Rebuçado riscas**

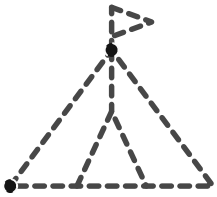

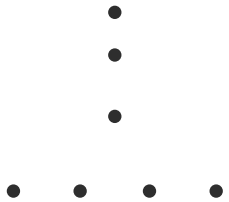

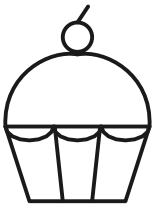

**Tenda e bandeira**

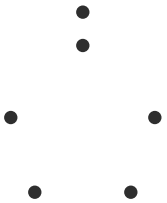

**Cupcake cereja**

Dica do Paco: encontra primeiro os pontos guia nos cantos do quadro da direita antes de ligar as formas simples a lápis!
