PAPILUMO / Pré-escolar (4–5 anos) • Gabarito

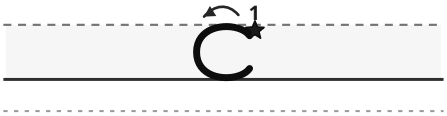

Minúsculas curvas: c, o, a, d, g, q

Aquece a mão nos 3 grandes arcos C a partir do ponto, depois cobre e copia cada letra c, o, a, d, g e q.

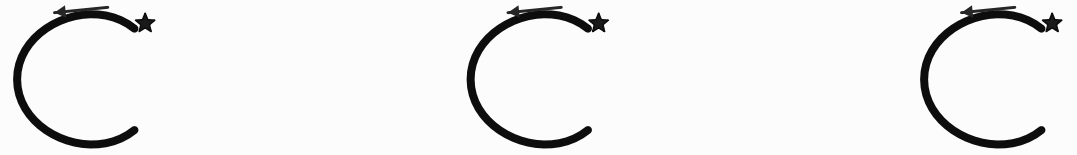

O caracol Lulu enrola a concha para a esquerda! Começa sempre em cima à direita para traçar todas as seis letras redondas.

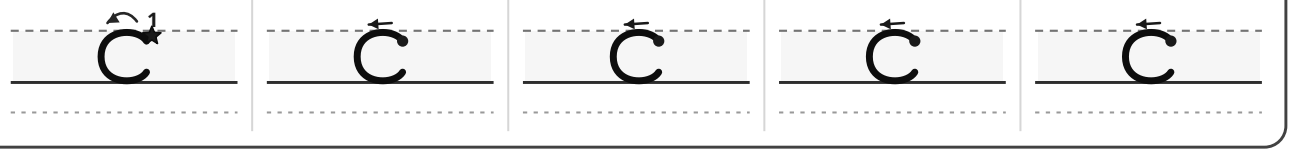

Exemplo: curva mágica do «c»

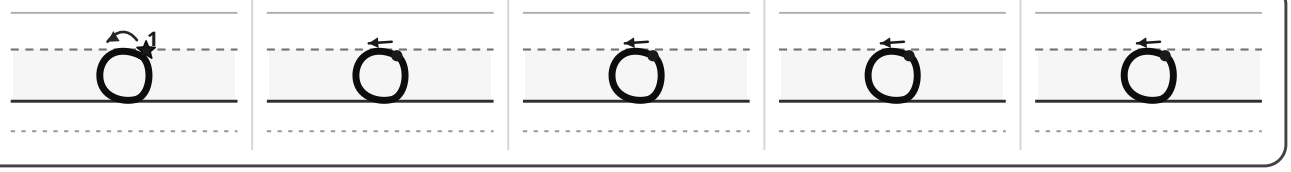

Aquecimento: cobre 3 arcos grandes C a partir do ponto às 2 horas

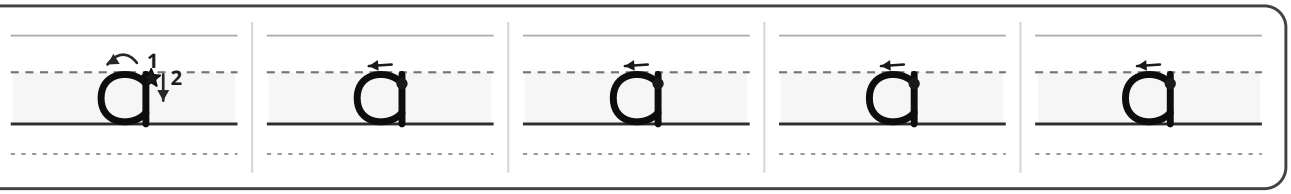

c

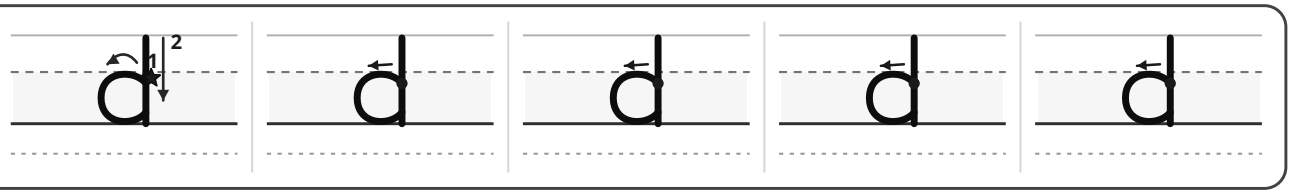

o

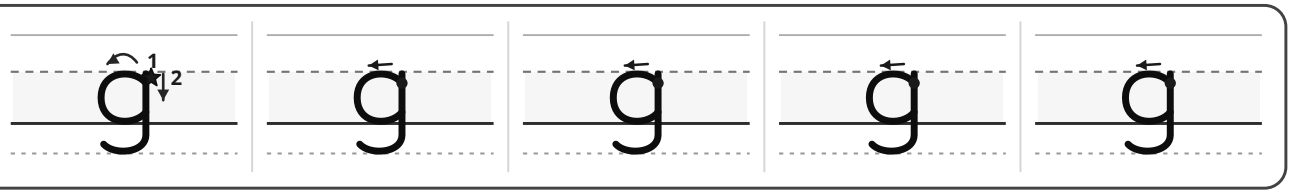

a

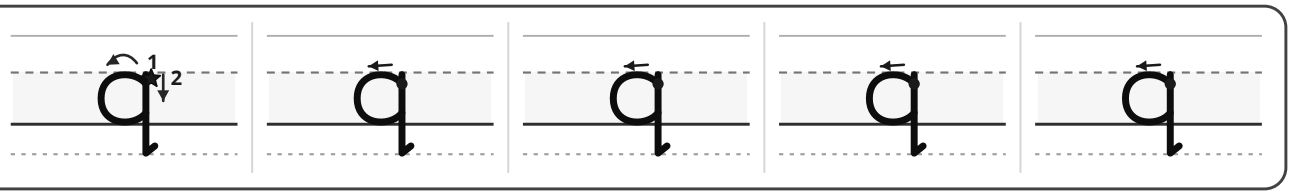

d

g

q

Dica da Lulu: todas estas seis letras começam com a mesma curva para a esquerda antes de fechar o círculo ou juntar a haste.
